| <b>Name of the Project:</b> | Vehicle Parking System   |
| <b>Role:</b>                | Team Member  |
| <b>Description:</b>         | Now a days parking systems have become a major issue everywhere due to lack of parking facility. The user can check various parking areas using this application. Due to population increase,usage of vehicles increases gradually and lead to indisciplinary parking. This may cause damage to the car.The user can book a slot based on their destination address.Therefore, there is a need to provide sufficient parking spaces to help the user to park the car safely. |
